“

Dear Indonesian friends,

It is a great shock to learn the news about the tragic earthquake occurred in the Jogjakarta and Central Java Provinces. On behalf of the staff of the Lao Embassy in Stockholm, I express our heart-felt sympathy and deep sorrow for the loss of life and large scale destruction caused by the recent earthquake.

We hope that under the clear-sighted leadership of Indonesian Government headed by President Susilo Bambang Yudhoyono, the situation will be normalized and stabilized very soon.
